Thank you for the information. At some point in the near future, would it be possible for us to meet? I would like to include our daycare director as well as our campus principals since they will be asked questions regarding this since all of our campuses are adjacent to this property or within one block. We do appreciate your assistance with this.

Mr. Maxwell/Johnson:

I took the liberty of taking a shot at drafting a letter for your school. I have the Texas Department of State Health Services also looking at it to provide some specific health related information. Her contact information is listed on the letter. Please modify this as is appropriate for you parents/teachers. Let us know what additional assistance you may need to help facilitate this.

Thanks

Gary Moore

Emily:

I put together a simple letter to the parents for the LISD. Can you look at it and provide some health related information? And give comments. We can then pass this on to the LISD and see how they want to approach this. The contact for the other EPA OSC that is working with me is:

Paige Delgado

delgado.paige@epa.gov

469.371.2529

thanks
